

10 Clear Rules from the School Rules of Eichendorffschule

1. We treat each other with respect. We refrain from violence and help/interfere if we notice violence and disrespect.
2. Eichendorffschule is a drug-free environment. Smoking and the consumption of intoxicants (e.g. alcohol) on the school grounds are not tolerated.
3. We keep our school clean and treat its furnishings with care, especially in the technical and computer rooms. Due to the risk of staining, chewing gums are banned on the school grounds.
4. We walk quietly across the hallway and on the stairs. Noisy behaviour, rollicking, running and pushing are not tolerated in the school building.
5. We protect everyone's personal rights and do not allow the unwanted taking of pictures or videos. For this reason, electronic devices must be switched off on the school grounds and shall not be worn/carried visibly (this also includes headphones).
6. Lessons are intended for studying and learning. We therefore refrain from eating during lessons.
7. No vehicles are allowed on the school grounds (this also includes inline skates, scooters, etc.).
8. Wearing caps, hats, hoods during lessons is not permitted.
9. While attending Sekundarstufe I, I may not leave the school during the school day. For exceptions, I need my parents' written consent.
10. We are a school community. I have my student card with me at all times and will present it upon request.

Failure to comply with the Rules will result in appropriate measures.
